

CHARACTERISATION FILE FOR METALLIC SCRAP CLASSIFIED AS NON-HAZARDOUS WASTE		
PRODUCER'S DETAILS		
Company name:		
Address of production unit:		
Tax code:		
WASTE DETAILS		
Production activity:		
EER code:		
Classification:	Special non-hazardous waste	
Product description:		
Contaminating substances:	None	
Packaging		
CHEMICAL AND PHYSICAL CHARACTERISTICS		
Nature:	Inorganic	
Organoleptic characteristics:	Colour:	Smell:
Physical state:	Solid NON-powdery	
Statement in substitution of the analytical certificate of waste classification/characterisation as per Legis. Decree 152/06 and subsequent amendments and additions, of Ruling 1357/2014/UE and Decision 955/2014/UE		
<p>The producer declares that:</p> <ul style="list-style-type: none"> • it does not present one or more hazard characteristics indicated in Annex III of Directive 2008/98 and subsequent amendments and additions as replaced by Reg. 1357/2014/UE • the waste has characteristics such as to be recovered with methods similar to those provided in DM 5-02-98 and Reg. 333/11/UE • the waste does NOT present the exclusions as per point 2 Annex 1 to Regulation 31-03-2011 no. 333/2011/UE (hazardous substances including oils and grease, filings, scale and dust containing fluids such as oils or oily emulsions, drums or containers which contain or have contained oils and paint) • the waste does not contain radioactive material or pressure vessels even if empty • the waste is not subject to ADR (transportation of dangerous goods) transport regulations • the delivered waste will comply to what is indicated in the present descriptive file, what is indicated is true and real and it assumes all civil and penal responsibility in the case of untrue declaration • any variations to declarations shall be communicated promptly. <p>NOTE:.....</p>
