Ref.Regulation CE 1907/2006 (REACH) and ss.mm.ii (CE 1354/2007, 987/2008, 1272/2008, 134/2009, 552/2009)

Dear Sirs,

referring to your request regarding our position in respect of the above mentioned European Rule, we kindly inform you that, according to the interpretation documents supplied by the European Chemical Agency that are available so far, together with the interpretation given by the most important Italian and European producer and trading associations, the product that we supply to you i.e. welded stainless steel tubes, can be considered as **articles**.

We point out that according to REACH rules, all chemical substances contained within our **articles** are not intended to be released during normal and reasonably foreseeable conditions.

Therefore, on the basis of Art.7 of each rule, that only requires the registration and notification of substances contained within **articles** in case of their release and subsequent potential harm to human health and the environment, we hereby inform you that Ilta Inox S.p.A.

HAS NO OBLIGATION

We anyhow inform you that we are presently verifying with all our suppliers if and how they will be complying with REACH rules.

Our company does not produce or import chemical substances (raw or components) from outside of EEC countries. Nevertheless, as user, we are interested and mindful to receive information from our suppliers, with a view to updating our safety data (according to Addendum 2 REACH).

Should you need any further information, please do not hesitate to contact us.

Kind regards

Robecco d'Oglio, January 2024

**Quality, Environment
& Safety Manager**
